

Partnership Projects

Round 1, 2020

Projects by Faculty/Unit/Division

Faculty of Business, Economics and Law	3
BEL Start-of-Year Orientation Reboot: Evaluation Framework	3
Re-re-imagining a large first year course after UQ2U	3
BEL Buddy Leadership Project	3
Faculty of Humanities and Social Sciences	4
Exploring Japanese in situations: Increasing proficiency by interactive contents	4
Broadening your horizons with COMU1002: Create your own blended learning	4
COMU 3801: Communication Packages for Industry Partners and Students	4
How2HASS: A YouTube Channel for helping students navigate their degree	4
HASS Connect Mentoring Program - Inclusion Officer	4
HASS Connect Mentoring Program - Support Officer	5
Building Digital Community in HASS	5
Supporting Student Reps in HASS	5
Enhancing the Student Voice within the Bachelor of Arts (BA) External Review	5
HASS Crew Volunteers	5
HASS Leadership Program	6
HASS Employability Workshops	6
Design Industry Communication Resources	6
Faculty of Engineering, Architecture and Information Technology	7
Creating videos to support new tutors to develop teaching skills	7
Faculty of Science	7
Making BIOL1030 Global Challenges in Biology more flexible and interactive for students	7
Refining the Bachelor of Agribusiness	7
Faculty of Medicine	8
Innovative blended learning in paediatrics	8
Student voice on the learning culture for the Faculty of Medicine	8
Students' perceptions of the role of assessments in the MD program	8
Developing an online myotome resource	8
Collaborative curriculum enhancement – integrating “soft” sciences into the medical curriculum	8
UQ2U Redesign of PHYL1007	8
Faculty of Health and Behavioural Sciences	9
HLTH1000 v.4.0 Students creating student resources for succeeding in group assessments	9
Student Pedagogical Consultants for a Changing 2nd Year Course	9
Improving the Dentistry Peer-to-Peer Mentoring Program	9

Projects by Faculty/Unit/Division

Institute for Teaching and Learning Innovations (ITaLI)	10
Co-production of podcast on learning theories	10
Co-designing and co-evaluating a study platform with students	10
Student Co-Design of Teacher Facing Analytics	10
Student Affairs	10
Promoting respectful relationships at UQ: student-led animations	10
Co-designing and co-facilitating Partnership Project Inductions (Sem 1, 2020)	10
Library	11
Embrace Equity, diversity and inclusion	11
Use Physical Spaces to engage and attract and maximise study spaces to inspire learning	11
21st century learning resources	11
Create a one UQ Culture	11

Faculty of Business, Economics and Law

BEL Start-of-Year Orientation Reboot: Evaluation Framework

About the project

This Student-Staff Partnership seeks to evaluate the orientation for BEL students, building upon the work of student and staff partners from a 2019 pilot evaluation of the mid-year orientation.

View this project studenthub.uq.edu.au/students/jobs/detail/2726801

Re-re-imagining a large first year course after UQ2U

About the project

This Student-Staff Partnership seeks to leverage feedback data from ECON1020 to reimagine and improve the course for future iterations.

View this project studenthub.uq.edu.au/students/jobs/detail/2726804

BEL Buddy Leadership Project

About the project

This Student-Staff Partnership seeks to co-develop a sustainable framework for the BEL Buddy (peer support) program.

View this project studenthub.uq.edu.au/students/jobs/detail/2726805

Faculty of Humanities and Social Sciences

Exploring Japanese in situations: Increasing proficiency by interactive contents

About the project

This Student-Staff Partnership seeks to co-create a rich, collaborative learning environment in JAPN3002, leveraging upon student partners' ideas, perspectives and reflections of the course.

View this project studenthub.uq.edu.au/students/jobs/detail/2726916

Broadening your horizons with COMU1002: Create your own blended learning

About the project

This Student-Staff Partnership seeks to incorporate student voices into the co-creation of the blended learning experiences within COMU1002.

View this project studenthub.uq.edu.au/students/jobs/detail/2726802

COMU 3801: Communication Packages for Industry Partners and Students

About the project

This Student-Staff Partnership seeks to co-develop Communication Packages for COMU3801 aimed at students and industry partners.

View this project studenthub.uq.edu.au/students/jobs/detail/2726809

How2HASS: A YouTube Channel for helping students navigate their degree

About the project

This Student-Staff Partnership seeks to co-develop and implement a YouTube Community/Channel series that helps HASS students navigate their landscape in a fun, simple, and personable way.

View this project studenthub.uq.edu.au/students/jobs/detail/2723984

HASS Connect Mentoring Program - Inclusion Officer

About the project

This Student-Staff Partnership seeks to improve the design, and implement and upscale the HASS Connect Mentoring Program in semester 1, 2020. This mentoring program connects later year students in the HASS Faculty with industry professionals from many diverse careers.

View this project studenthub.uq.edu.au/students/jobs/detail/2724025

Faculty of Humanities and Social Sciences

HASS Connect Mentoring Program - Support Officer

About the project

This Student-Staff Partnership seeks to improve the design, and implement and upscale the HASS Connect Mentoring Program in semester 1, 2020. This mentoring program connects later year students in the HASS Faculty with industry professionals from many diverse careers.

View this project studenthub.uq.edu.au/students/jobs/detail/2724032

Building Digital Community in HASS

About the project

This Student-Staff Partnership seeks to further co-develop and co-manage the HASS team communications and digital community strategy to help build a sense of community among HASS students through digital channels.

View this project studenthub.uq.edu.au/students/jobs/detail/2724034

Supporting Student Reps in HASS

About the project

This Student-Staff Partnership seeks to further enhance the student voice in governance and decision-making by supporting the HASS Student Representation Community of Practice.

View this project studenthub.uq.edu.au/students/jobs/detail/2724037

Enhancing the Student Voice within the Bachelor of Arts (BA) External Review

About the project

This Student-Staff Partnership seeks to enhance the student voice and ensure the students' needs, interests and perspectives are front and centre within the Bachelor of Arts external review.

View this project studenthub.uq.edu.au/students/jobs/detail/2725896

HASS Crew Volunteers

About the project

This Student-Staff Partnership seeks to provide HASS students with meaningful and regular peer-to-peer interaction to improve their sense of belonging within the faculty.

View this project studenthub.uq.edu.au/students/jobs/detail/2726373

Faculty of Humanities and Social Sciences

HASS Leadership Program

About the project

This Student-Staff Partnership seeks to implement a HASS Faculty Leadership Program aimed at providing students with an opportunity to gain extracurricular experiences to enhance employability and contribute to their sense of belonging to the faculty.

View this project studenthub.uq.edu.au/students/jobs/detail/2726411

HASS Employability Workshops

About the project

This Student-Staff Partnership seeks to co-create and deliver employability workshops within the HASS faculty and ensure they continue to develop the ability of HASS students to articulate their employability to recruiters.

View this project studenthub.uq.edu.au/students/jobs/detail/2726426

Design Industry Communication Resources

About the project

This Student-Staff Partnership seeks to build communication materials and content to inform industry of the opportunities to collaborate with students on work projects.

View this project studenthub.uq.edu.au/students/jobs/detail/2726546

Faculty of Engineering, Architecture and Information Technology

Creating videos to support new tutors to develop teaching skills

About the project

This Student-Staff Partnership seeks to collaborate with students from Film and TV, Drama, Media and Digital Culture or Writing to co-create short videos demonstrating the teaching of key concepts in either Architecture, Engineering or IT.

View this project studenthub.uq.edu.au/students/jobs/detail/2726374

Faculty of Science

Making BIOL1030 Global Challenges in Biology more flexible and interactive for students

About the project

This Student-Staff Partnership seeks to identify and create solutions to improve the popular first year biology course, BIOL1030 Global Challenges in Biology.

View this project studenthub.uq.edu.au/students/jobs/detail/2726409

Refining the Bachelor of Agribusiness

About the project

This Student-Staff Partnership seeks to co-create models of teaching that (a) align with industry needs for skill development, (b) meet student needs for learning, and (c) are pedagogically sound within the Bachelor of Agribusiness.

View this project studenthub.uq.edu.au/students/jobs/detail/2726425

Faculty of Medicine

Innovative blended learning in paediatrics

About the project

This Student-Staff Partnership seeks to co-design a series of mini-POLIEs (Paediatric Online Interactive Education) with MD students that will be available to the MD cohort.

View this project studenthub.uq.edu.au/students/jobs/detail/2726415

Student voice on the learning culture for the Faculty of Medicine

About the project

This Student-Staff Partnership seeks to give students a voice in the overall strategy of staff development within the Faculty of Medicine that will, in turn, influence the quality of teaching and the student experience within the program.

View this project studenthub.uq.edu.au/students/jobs/detail/2726917

Students' perceptions of the role of assessments in the MD program

About the project

This Student-Staff Partnership seeks to co-design and evaluate students' perceptions of assessments within the MD program, specifically focusing on Year 2, Semester 3 assessments.

View this project studenthub.uq.edu.au/students/jobs/detail/2726928

Developing an online myotome resource

About the project

This Student-Staff Partnership seeks to co-create an online resource to assist student learning of myotomes and understanding of their clinical relevance and application.

View this project studenthub.uq.edu.au/students/jobs/detail/2726929

Collaborative curriculum enhancement – integrating “soft” sciences into the medical curriculum

About the project

This Student-Staff Partnership seeks to collaborate in redesigning clinical cases within the Medical Ethics (year 1) and Public Health and Research (year 2) in order to promote greater student learning and integration of courses and learnings.

View this project studenthub.uq.edu.au/students/jobs/detail/2726930

UQ2U Redesign of PHYL1007

About the project

This Student-Staff Partnership seeks to redesign the course delivery of PHYL1007 as part of the UQ2U initiative.

View this project studenthub.uq.edu.au/students/jobs/detail/2726935

Faculty of Health and Behavioural Sciences

HLTH1000 v.4.0 Students creating student resources for succeeding in group assessments

About the project

This Student-Staff Partnership seeks to co-develop a suite of student-informed resources for managing group assessments in HLTH1000, which can be utilised in other courses and group assessment contexts.

View this project studenthub.uq.edu.au/students/jobs/detail/2726545

Student Pedagogical Consultants for a Changing 2nd Year Course

About the project

This Student-Staff Partnership seeks to improve student learning and experiences within the recently re-structured course EDUC3008 in Semester 1, 2020 and beyond.

View this project studenthub.uq.edu.au/students/jobs/detail/2726749

Improving the Dentistry Peer-to-Peer Mentoring Program

About the project

This Student-Staff Partnership seeks to improve the Dentistry Peer-to-Peer Mentoring Program.

View this project studenthub.uq.edu.au/students/jobs/detail/2726798

Institute for Teaching and Learning Innovation (ITaLI)

Co-production of podcast on learning theories

About the project

This Student-Staff Partnership seeks to work in partnership to produce a podcast for pre-service teachers on learning theories to be embedded within EDUC7603 and to be used in several other postgraduate and undergraduate courses.

View this project studenthub.uq.edu.au/students/jobs/detail/2726427

Co-designing and co-evaluating a study platform with students

About the project

This Student-Staff Partnership seeks to co-develop and co-evaluate RIPPLE (ripplelearning.org) to enable the team within the Institute for Teaching and Learning Innovation to create the best possible study platform for students.

View this project studenthub.uq.edu.au/students/jobs/detail/2726807

Student Co-Design of Teacher Facing Analytics

About the project

This Student-Staff Partnership seeks to co-develop and co-evaluate the Course Insights dashboard and actively involve students in the design of teacher-facing analytics.

View this project studenthub.uq.edu.au/students/jobs/detail/2726927

Student Affairs

Promoting respectful relationships at UQ: student-led animations

About the project

This Student-Staff Partnership seeks to promote respect and consent among our student community in a creative, effective and meaningful way.

View this project studenthub.uq.edu.au/students/jobs/detail/2726796

Co-designing and co-facilitating Partnership Project Inductions (Sem 1, 2020)

About the project

This Student-Staff Partnership seeks to co-design and facilitate the Semester 1 Partnership Project Inductions, whilst collaborating in a supportive and fun environment.

View this project studenthub.uq.edu.au/students/jobs/detail/2726806

Library

Embrace Equity, diversity and inclusion

About the project

This Student-Staff Partnership seeks to collaborate in identifying the gaps in existing services within the Library and co-create new services that are student-focused and inclusive.

View this project studenthub.uq.edu.au/students/jobs/detail/2726920

Use Physical Spaces to engage and attract and maximise study spaces to inspire learning

About the project

This Student-Staff Partnership seeks to collaborate in identifying and delivering opportunities to develop library physical environments that are welcoming, inclusive and inspire learning and collaboration.

View this project studenthub.uq.edu.au/students/jobs/detail/2726921

21st century learning resources

About the project

This Student-Staff Partnership seeks to collaborate in reviewing how students find and access information, and co-create effective and timely pathways to access student-focused learning resources.

View this project studenthub.uq.edu.au/students/jobs/detail/2726923

Create a one UQ Culture

About the project

This Student-Staff Partnership seeks to collaborate in improving the ways the Library communicates to students and staff.

View this project studenthub.uq.edu.au/students/jobs/detail/2726926
