1. Outline of Exchange Programs

1-1. Kyoto University International Education Program (KUINEP)

Kyoto University International Education Program (KUINEP) provides undergraduate level lectures in English to our partner university students as well as Kyoto University students. The program is open only to undergraduate students. KUINEP students are required to take at least six courses each semester mainly from KUINEP courses offered by the Institute for Liberal Arts and Sciences taught in English and additionally from courses offered by Faculties with the lecturer's permission. Students are affiliated to one of undergraduate faculties as Special Auditor.

1-2. Kyoto University General Exchange (GE) Program (GEA·GESR)

This is the program students choose all or most of courses from those offered by their own undergraduate faculties or graduate schools (Special Auditor : GEA) or deepen their own research under the instruction of academic supervisors without taking any courses lectured in classrooms (Special Research Student : GESR). Students are affiliated to one of undergraduate faculties or graduate schools. Since most of courses offered by faculties and graduate schools are lectured in Japanese, it is highly probable GEA students need Japanese proficiency but only English proficiency is needed if they take courses lectured in English only. Undergraduate GEA is required to take at least six courses each semester while graduate GEA is required to take four courses. GESR students do not need Japanese Proficiency if supervisor can guide the student by any other language. GESR is available only for graduate students.

◆ Student Status Available for The Program and Language Requirement

Exchange Programs			
	KUINEP Special Auditor	General Exchange (GE) Program	
		GEA Special Auditor	GESR Special Research student
Student status available for the program (student status at Home U while in Kyoto)	Undergraduate	Undergraduate Master Doctor	Master Doctor
Language Requirement	TOEFL iBT 79 or IELTS 6.5 and over is desirable (KUINEP students must be proficient in English.)	Japanese Language Proficiency Test JLPT N1 Level (or TOEFL iBT 79, IELTS 6.5*)	TOEFL iBT 79, IELTS 6.5 or JLPT N1 is required.

Non-native English speakers whose institutions are located in an area where English is not the first language, need to submit the Language Proficiency Supporting Documents such as TOEFL/IELTS. If they don't have any of them, we will accept the reference letter vouched for their language abilities by tutor/professor. Non-native English speaker studies at the institutions which are located in English speaking countries or the institutions use English as the medium of instruction doesn't need to submit the Language proficiency supporting documents for English.

* Some faculties/Graduate Schools provide some courses lectured in English. It is occasionally possible to be a GEA student without having sufficient Japanese language proficiency, if a student is able to find such courses match to the subject he/she wishes to study at Kyoto-U.

- ◆ **Tuitions**

Based on the student exchange agreement, students will be exempted from examination fee, matriculation fee and tuition fee at Kyoto University.

- ◆ **Scholarship**

A limited number of scholarships are available through Japan Student Services Organization (JASSO). JASSO is a government-sponsored non-profit organization to promote international student exchange. Recipients will be selected by Kyoto University based on their academic record and financial condition. Those who 1) will receive any other financial support more than 80,000 yen per month or 2) will not stay in Japan with “Student Visa Status” are not eligible for it. For Example, those who have Japanese Nationality/Permanent Residency are come under 2). JASSO Scholarship is a monthly stipend of 80,000 yen.

- ◆ **Entering Japan**

There are certain formalities which must be observed by foreign students intending to pursue studies in Japanese universities. Students must possess a valid passport issued by their home country. Kyoto University will apply for exchange students’ “Certificate of Eligibility” to the Kyoto Immigration Bureau for processing. Students, on receiving their “Certificate of Eligibility,” should apply to the nearest Japanese diplomatic mission (embassy or consulate) in their country for a “Student Visa Status”. Students with Japanese Nationality or Permanent Residency can also join exchange programs and do not have to obtain “Student Visa Status”

- ◆ **Comprehensive Health and Liability Insurance**

The Japanese law specifies that students staying in Japan for more than three months must join the Japanese National Health Insurance Program, which costs around 2,000 yen per month. When entering Kyoto University, to join the “University CO-OP Personal Liability Insurance for Students (Gakubai)” and “Personal Accidental Insurance for Students while Pursuing Education and Research (Gakkensai)” are also obligation. Yearly premium for Gakubai is around 2,000 yen plus initial CO-OP membership fee of 4,000 yen which is fully refundable upon deregistration, while yearly premium of Gakkensai is 1,000 yen. In addition, the students should take out the travel insurance from their countries before coming to Japan since the coverage and the regulations are different.

We recommend students to bring along sufficient fund in case for any emergency.

(There was a case that a student had an operation and needed to settle huge amount of medical fees temporarily.)

- ◆ **Restrictions of Choosing Courses**

- 1) Exchange students who are enrolled in an undergraduate faculty or Institute for Liberal Arts and Sciences of Kyoto University can take courses offered by undergraduate faculties including ones they are not enrolled in and by Institute for Liberal Arts and Sciences, but cannot take any courses offered by graduate schools.
- 2) Exchange students who are enrolled in a graduate school of Kyoto University as “Special Auditor” (GEA) can take courses offered by graduate schools including ones they are not enrolled in, but cannot take any courses offered by undergraduate faculties.

- 3) Exchange students who are enrolled in a graduate school of Kyoto University as “Special Research Student” (GESR) under supervision of an academic advisor cannot take any courses including credited courses to study Japanese language.
- 4) Faculties and graduate schools of Kyoto University offer courses which start and end within one semester from April to September or from October to March. However, some courses including a number of courses offered by the Faculty of Letters and the Graduate School of Letters start in April and end in March. Such courses can be taken ONLY by students who stay at Kyoto University for one full year from APRIL to MARCH.
- 5) Some seminars and courses involving practical training or experiments may preclude exchange students because of limit of numbers of students who are allowed to take them, on the basis of priority for regular students.
- 6) There are courses which are not open to exchange students and some courses open to exchange students might also implement enrollment restrictions. Therefore exchange students are strongly advised to be as flexible as possible in their course selection.
