| Credit system                                       | One ULima credit is equivalent to one hour of taught classes a week throughout the semester, or two hours a week of practical classes. The semester has 14 weeks of classes. Courses could have from 2 to 4 credits depending on the level of difficulty. The ULima credit is different from an ECTS credit. Some European partners use this equivalence: 1 ULima credit = 1.5 ECTS.   |   |   |   |  |               |               |      |   |   |   |   |  |      |          |           |           |           |         |
