

IE University Undergraduate Exchange Course Offer 2022/23

This is a tentative list of subjects that might be available for AY 23/24 based on what was offered in past academic years to incoming students. This list can be shared with exchange students for subject validation purposes, however kindly note this is not a final list and we cannot guarantee that any of the courses listed here will be offered this coming academic year.

Final Academic information such as final list of courses and syllabi will be available on the IE Online Campus – BB Ultra (blackboard), later in the semester to which students will receive access upon admission to IE University.

We cannot guarantee the availability of any courses as a first come first serve system applies during enrollment!

Please note students will be able to enroll in subjects before the start of the semester (first enrollment phase) and will be allowed to make changes to their original enrollment during the add&drop period, just at the start of the semester (second enrollment phase). Students are required to register for at least **70 % of the courses based on their study area/major**, with the possibility to take up to 30% of their credits from a different study area (depending on availability and overlaps). Consequently, please make sure you nominate your students to the IEU Bachelor program & Campus that best fits their original academic plan back home.

1ECTS credit = 25 hours of work including classes and related academic activities.

Maximum ECTS credits per semester: 30 ECTS + 3 ECTS language course (optional). Students may take less than 30 ECTS if allowed by their Home University, as minimum enrollment credits are set by home institutions.

Some courses have prerequisites and students need to make sure they comply with them before enrolling.

Please note IEU has a very strict **attendance & absence policy**. Attendance to at least 80% of classes is mandatory.

BAM (Bachelor in Applied Mathematics) expected course offer

*Kindly note, [this is the first year that BAM will be offered to exchange students](#) so, there is not a previous list of what was offered last year to exchange students. This is the expected course offer for the upcoming academic year (23/24), which is subject to change. The final course offer and syllabi for BAM will be made available to students upon admission, once they have been given access to BB Ultra.
