### ACADEMIC DEPARTMENT INFORMATION

<b>Available Academic Departments</b>	<p>Please consult the exchange agreement; this must be valid for 2026/27 or a renewal agreed by both parties (where applicable).</p> <p><b>Please note students must apply to an academic department that is covered by the exchange agreement at the correct study level and open during their desired term of study.</b></p> <p>Students should review the Study Abroad guide for <a href="#">the list of academic departments</a>, any subject-specific entry requirements and any restrictions, for example some departments do not accept students for Term 1 only and some accept students for the full academic year only.</p> <p>Please note that the English department is not open to exchange students. For more restrictions please review <a href="#">this page</a>.</p>
<b>Module Selection</b>	<p>Most students must take at least 50% of their modules within the parent department. Students may be able to take up to 50% of their modules in other departments, however this is not guaranteed, and students should be prepared to take 100% of their modules within their department.</p> <p>Students may be considered for modules in other departments where the department is open to Affiliates during their period of study and there is capacity on modules and where students meet any eligibility criteria.</p> <p>When selecting modules outside of their parent department, students should be aware that they will be not be prioritised.</p> <p>Some departments require Affiliates to take 100% of modules within the parent department.</p>

	<p>Please note that module approval is at departments' discretion and students are not guaranteed access to any particular modules, even within their home department. Students must be flexible when selecting modules.</p> <p>Please see the <a href="#">study options webpage</a> for further information about eligibility criteria and which departments are not open to Affiliate students. If students need to check the availability of modules, they may contact their department in advance. Affiliate departmental contacts can be found <a href="#">here</a>.</p> <p>Academic departments will email students ahead of their arrival at UCL. More information about module selection can be <a href="#">found here</a>.</p>
<p><b>Learning Agreements (if applicable to your institution)</b></p>	<p>Learning Agreements are signed by the student's parent department at UCL. Students must provide a PDF or Word Document version of their Learning Agreement to the department via email. UCL cannot sign Learning Agreements via any online platform such as Mobility Online or OLA Dashboard.</p> <p>Learning Agreements can be signed once students have had their modules approved during module selection which takes place in September/October and December/January. If students require Learning Agreements to be signed before this, departments may be able to sign a provisional Learning Agreement. Any Learning Agreements signed at this point will be subject to change.</p> <p>It is not possible for a Learning Agreement to be signed before a student has accepted their offer to study at UCL.</p>
<p><b>Module Load</b></p>	<p>Students usually take modules that total 60 UCL credits (30 ECTS/16 US credits) for one term and 120 (60 ECTS/32 US credits) for the full year. This is typically 4 modules per term.</p> <p>Please note the above should be considered as a guide only as US Institutions may have differing equivalences. Should students wish to take a reduced credit load, for example reducing from 60 to 45 credits per term, they will need written permission from the sending institution and approval from their parent department at UCL. It is not possible for students to overload (to take more than 60 credits in one term or more than 120 credits for the full academic year).</p>
<p><b>Term Dates and Duration of Exchange</b></p>	<p><b>2026/27</b></p> <p>Term 1 (Autumn): 28 September 2026 to 18 December 2026</p> <p>Terms 2 &amp; 3 (Spring/Summer): 11 January 2027 to 11 June 2027</p> <p>Students can apply to study at UCL for either:</p> <ul style="list-style-type: none"> <li>• Term 1 (September – December)</li> <li>• Terms 2 &amp; 3 (January – June)</li> <li>• Full academic year (September – June)</li> </ul> <p>Please note that some departments do not offer admission for Term 1 only or Terms 2 &amp; 3 only. The availability is listed on <a href="#">each department's page</a>. Students requiring a Certificate of Arrival or a Certificate of Departure to evidence their placement dates should contact <a href="#">Student Support and Wellbeing Services</a> when they arrive and before</p>

	<p>they leave. This can be done via <a href="#">askUCL</a> or in-person at the <a href="#">Student Support and Wellbeing Desk</a>.</p> <p>Please also note that Term 3 is the main exams and assessment period for all students at UCL. Most students will not have classes like they do in Term 1 and Term 2. This is because students are expected to be preparing for exams or writing their assignments. UCL academic departments will have extra support available during this period.</p>
<b>Exams and Assessments</b>	<p>Affiliate students studying at UCL for the full academic year (September – June) will have exams/assessments at the end of Term 1 and/or in Term 3.</p> <p>Students who are coming to UCL for Term 1 only (September – December) will have exams/assessments during Term 1. Some may have assessments with a January submission date (assessment to be submitted online).</p> <p>Students studying at UCL for Terms 2 &amp; 3 (January – June) will have exams/assessments in Term 3.</p> <p>Please note that students may also have midterm assessments.</p> <p><b>It is the student's responsibility to check that exam and assessment patterns work for their period of study or that alternative assessments will be available for the modules requested.</b></p>
<b>Transcripts</b>	<p>The official Transcript of Records is sent to the student's sending institution via email in:</p> <p><b>Term 1:</b> early March  <b>Terms 2 &amp; 3:</b> late July / early August</p> <p>Any queries about transcripts should be directed to:  Email: <a href="mailto:transcripts@ucl.ac.uk">transcripts@ucl.ac.uk</a></p> <p>Please ensure that the correct (general) email address is provided to allow the safe receipt of the transcript.
